

Clinic Parking During Lane Re-construction

Starting on Monday May 25, 2026 the lane between Madison and Kensington streets will be closed due to re-construction. This will block access to all the parking spots for the businesses located at 1601 Silver Avenue. This includes the St. James Rehabilitation Physiotherapy Center and GDS Massage Therapy.

During this construction period, clients attending the clinic will continue to be able to park on Silver Avenue until **3:30 pm** daily. In addition, they may park on Madison Street or Kensington Street.

An additional parking option that may be available, is to park in the south end of the Wyndham Garden Winnipeg Airport Hotel parking lot, next to Silver Avenue - accessed from Madison Street, north of Silver Avenue.
